

Formula SAE Italy - 2020 Digital Initiatives

VIRTUAL STATICS

BUSINESS PRESENTATION EVENT - DEEP DIVE TOPICS

CLASS 1C

Dear Formula SAE Italy Combustion Business Representative,

Thank you for submitting your Executive Summary. We are very interested in your proposal and we would like to invite you to present your concept in front of our board members.

Despite the explanations in your summary, there is an additional issue we would like for you to explore further.

"The COVID-19 caused an unexpected break in Automotive developments...."

The pandemic will delay or accelerate phase out of Combustion engines? Please share your view"

Please include this topic in your business presentation for the Virtual Static event on November 12th/13th 2020

Yours sincerely

Valentina Temporelli & Enrico Rebaudo

CLASS 1D

Dear Formula SAE Italy Driverless Business Representative,

Thank you for submitting your Executive Summary. We are very interested in your proposal and we would like to invite you to present your concept in front of our board members.

Despite the explanations in your summary, there is an additional issue we would like for you to explore further.

“The automotive industry is facing a terrific growth of self-driving features which need to be always faster, smarter and safer.”

How the 5G technology will influence, in your opinion, the Autonomous Driving development”

Please include this topic in your business presentation for the Virtual Static event on November 12th/13th 2020

Yours sincerely

Valentina Temporelli & Enrico Rebaudo

CLASS 1E

Dear Formula SAE Italy Electric Business Representative,

Thank you for submitting your Executive Summary. We are very interested in your proposal and we would like to invite you to present your concept in front of our board members.

Despite the explanations in your summary, there is an additional issue we would like for you to explore further.

"The COVID-19 caused an unexpected break in Automotive developments...."

How do you see the pandemic to influence the future of electrification?"

Please include this topic in your business presentation for the Virtual Static event on November 12th/13th 2020

Yours sincerely

Valentina Temporelli & Enrico Rebaudo
