

Official Communication

As the organizer of Formula SAE Italy, we would like to inform you of an official exception that will apply to FS-Rules 2026 v1.1:

All accumulators must either comply with the 2025 v1.1 or the 2026 v1.1 version of EV 5.8.

This exception is effective for the 2026 season and should be considered in your design and compliance planning.
